INFORMED CONSENT FOR CHIROPRACTIC CARE

A patient coming to the doctor gives him/her permission and authority to care for the patient in accordance with appropriate tests, diagnosis, and analysis. The clinical procedures performed are usually beneficial and seldom cause any problem. In rare cases underlying physical defects, deformities or pathologies, may render the patient susceptible for injury. The doctor, of course, will not provide specific healthcare, if he/she is aware that such care may be contraindicated. It is the responsibility of the patient to make it known or to learn through health care procedures from whatever he/she is suffering from: latent pathological defects, illnesses, or deformities which would otherwise not come to the attention of the physician.

I understand that if I am accepted as a patient at Body Shop Chiropractic, I am authorizing them to proceed with any treatment that may be necessary. Furthermore, any risk involved, regarding chiropractic treatment, will be explained to me upon my request.

Authorization and Release: I understand the cost of my care with my treating doctor. I understand that **I am responsible for payment of all deductibles and co-payments related to my care.** I understand if my balance is not paid per my financial agreement, I promise to pay any and all collection, court, and attorney fees in the collection of my account. I further understand that if my treatment is associated with a personal injury or accident claim, all medical bills will be paid at 100% of the above fee schedule regardless of the outcome of my case. I understand that if a check is returned for insufficient funds, I will be charged a \$25.00 service charge.

I have read and fully understand the above statement and financial terms.
